Action Brief

Bylaws Review and Modification

Background

CareerSource Brevard's (CSB) Bylaws were last modified in 2012. It is the responsibility of the new Governance/Finance Committee to review and modify the Bylaws. The Committee met, made modifications and presented the changes to the Board of Directors on November 14, 2017. No issues were addressed, however, the board did not want to approve the changes until there was a legal review. The Governance/Finance Committee reviewed the legal modifications on February 9, 2018 and is recommending the Board of Directors approve the recommended changes to CSB's Bylaws (Attached).

Summary

- Clause added that states that government statutes override Bylaws if there is a difference.
- Past chair was added to the Officers of the Board.
- Annual budget review was added to the Governance/Finance Committee responsibilities.
- Added that any Ad Hoc Committees shall be chaired by a Director.
- Grammatical changes.

Action

Approve the Bylaw modifications recommended by the Governance/Finance Committee and the Rossway Swan law firm. The Bylaws will be ratified by the Brevard Board of County Commissioners.

Contracts with Board Members Public Schools/Universities/Colleges Training Agreements

Background

Florida Statute 445.007 and CareerSource Florida (CSF) policy concerning regional workforce board contracting prohibits a workforce board from entering into a contract with one of its own board members, with an organization represented by its own board member, or with any entity where a board member has any relationship with the contracting vendor. The CSF policy does allow that at a board's discretion when a contract with an agency (i.e. public schools, community colleges, state universities, etc.) is represented by a board member and said member does not personally benefit financially from such contracts, the agency may be exempted from the general prohibition. Keiser University is a member of the CSB Board of Directors and may be exempted from the general prohibition. The policy goes further and states that the vendor which is exempted from the general prohibition must be approved at Board level, and if over \$25,000, by CSF.

Recommendation

Recognizing the Board convenes on a quarterly basis, and to be able to meet the training and educational needs of individuals in a timely and efficient manner, staff has reviewed historical educational and training expenditures and anticipated training requirements with the following agencies and recommends approval of the following Training Agency Agreements:

Business Name: **Keiser University**
Board Member: **Colleen Brown**
Total Not to Exceed: **\$70,000/ annually through 6/30/19**

Action

Approve or deny Training Agent Agreement recommendation for Keiser University.

Informational Brief

Facilities Plan Analysis

Background

One of the President's Goals for PY 17-18 is to research and analyze facility costs to ensure CSB is in line with the Brevard market and getting the best ROI for the company. The focus of our analysis was the Rockledge Office since it is the largest facility and square footage is more than is needed by approx. 5500 square ft. The Rockledge facility currently has one year remaining on the current lease which is set to expire in February 2019. The Rockledge Facility consists of 27,492 sq. feet at a lease rate is \$7.75 per sq. foot plus \$3.00 per sq. foot for Common Area Maintenance (CAM) with annual lease rate increases of \$.25 per square foot. In addition to the facility lease, there is an adjacent parking lot lease for \$1950 per month. The Rockledge Facility has a total annual cost of \$318,939.

The following were established as requirements for a centrally located facility:

- Overall annual cost below current cost.
- Located between SR 528 and Pineda Causeway
- Single location with approximately 22,000 sq.ft. OR
- Two locations
 - One location approximately 5,500 sq.ft.
 - One location approximately 17,000 sq.ft.

Results

Staff worked with several realtors and leasing agents to evaluate properties that were available or would become available within the established parameters. There was only one location, in Merritt Island, that met most of the parameters but the square footage was higher than we needed and the build out costs were estimated at \$300,000 - \$500,000, so it was not a viable option. What we did learn was that we are paying a fair market value for our facility costs.

In an effort to reduce the current costs, staff engaged the landlord for the Rockledge location in conversations aimed at possible changes that would be of advantage to CSB. In those discussions the following were offered:

- The current parking lot lease was reduced 10.5% percent to \$1,750 per month. This will result in an annual savings of \$2400.
- The current five year lease renewal effective after the current lease expires will allow for the rate to remain flat for the first three years of the renewal period. This will result in an annual saving of \$6873.

- Pending Air Conditioning repair costing \$51,000 which would have been part of the CAM will be covered by the landlord.

Over the course of the next three years, there will be an \$81,000 savings to CSB when these changes are made.

Conclusion

The facilities analysis resulted in the following conclusions:

- The amount of facilities costs we are paying in Rockledge is fair market value
- There are not any properties within our requirements that could reduce our costs
- Staff was able to negotiate additional cost savings with the current landlord.

The one measure not met was a new measure for increasing the number of customers being served by the Career Centers. The goal was to reach 13,412 customers and there were actually 12,686 reached. Contributing factors include Hurricane Irma and upgrades to EFM that have caused several problems with registering customers in the system (including password reset issues, SSN verification issues, email notifications, and others).

Approval of Executive Committee Minutes

Motion to approve the Executive Committee minutes for October 30, 2017 made by Susie Glasgow and seconded by Mike Menyhart. Motion passed unanimously.

Discussion/Information Items:

Rockledge Relocation Analysis

Staff reviewed the analysis to determine cost savings to relocate the Rockledge center versus remaining in the current location when the lease expires in February 2019. Staff developed requirements to use when looking at other locations to include a reduction in annual costs and location. Working with several realtors, one location was found that met most of the parameters required by CSB. Unfortunately the square footage was higher than needed and the build out costs were estimated at \$300,000-\$500,000. In an effort to reduce current costs, staff negotiated with the current landlord to reduce costs by \$81,000 over three years. The facilities analysis resulted in the following conclusions: 1) The amount of facilities costs we are paying in Rockledge is fair market value 2) There are not any properties within our requirements that could reduce our costs 3) Staff was able to negotiate additional cost savings with the current landlord.

Annual Board Retreat

Ms. Murphy gave an overview of the Agenda for the Annual Retreat on February 20. She said that breakfast will be served at 8:00am and the Board meeting will begin at 8:30am. The meeting is expected to end by 10:30am. Year in Review presentation and training on the requirements of Form 1: Statement of Financial Disclosure will be given. Ms. Murphy encouraged attendance as the Audit and Bylaws will be presented for approval.

Contractor Performance Report

Ms. Murphy explained that the CSB Workforce Operations contract is cost reimbursement for direct program costs, however, profit is withheld from the Contractor until measurable performance outcomes are achieved. Payment of withheld profit uses a performance measurement model. She said that the Contractor had succeeded in meeting or exceeding the performance criteria and was paid all withheld costs. She also discussed her pleasure in working with the new contractor. They are innovative, have a large presence locally, give good feedback and are easy to work with.

Media Update

Ms. Murphy gave an update on the job placement issues from Regions 14 and 15 reported in the news media. She said that the Department of Economic Opportunity (DEO) and CareerSource Florida (CSF) are currently auditing those Workforce Boards and, in the meantime, CSF has created a task force to determine steps needed to prevent this happening again. She reassured members that CSB contracts with an independent monitoring firm, along with monitoring by DEO. There was discussion on monitoring and addressing media enquiries.

Grow the Resources of the Board

A matrix was shared showing grant opportunities, unrestricted revenue projects and partnerships that CSB is pursuing to help grow the resources of the Board.
