Members Absent: None.

**Staff in Attendance:** Marci Murphy, Richard Meagher, Lyn Sevin.

Guests: None

Daryl Bishop called the meeting to order at 2:32pm.

Public Comments: There was no public comment.

#### **Discussion/Information Items:**

#### **Board Training**

Staff explained that one of the duties of the Governance/Finance Committee (GFC) will be assisting with on-going board member training. The following training was recommended:

- Florida Sunshine Laws
- Video training on the financial interest requirements

The Committee also recommended that the following be a part of the new board member orientation:

- o Acronyms
- Funding streams
- o Role of board members
- Direction of the board
- Advocacy

A review of the current board member orientation will be a future agenda item on the GFC.

## **Board Member Recruitment**

Another duty of the new GFC will be recruiting new board members. Staff reviewed the proposed process and members suggested removing the Executive Committee review and bringing the candidates directly to the Board of Directors for approval. It was requested that an email be sent to all board members asking for potential candidates and explaining membership parameters. Recommendations from members should be validated by staff and then brought to the GFC who will choose candidates for Board approval.

#### **Finance Review Process**

One of the new requirements of the GFC will be to review various CSB financial reports to maintain fiscal oversight. If there are any financial issues that need to be discussed/resolved, the Treasurer and/or Chair of the GFC will bring these to the Executive Committee and full Board as necessary. After some discussion, it was decided that the GFC would have approval

authority only for the Annual Budget which would then go before the Board for final approval and then to the County Commission for ratification. The Annual Audit Report will be reviewed by the GFC and approved by the full Board of Directors. The Quarterly Financial Reports, Quarterly Fiscal Dashboard Indicators Report, and the Quarterly Fee for Service Activities will be reviewed by the GFC and the Board of Directors. The Annual Tax Return, Periodic Monitoring Reports and Quarterly Vendor Payment Reports will be reviewed by the GFC only.

#### **Bylaws**

Staff presented a working document showing side-by-side comparisons of bylaws from various sources. The committee reviewed part of the document and agreed to table to rest until the next meeting of the Committee. It was agreed that the final document will be approved by the GFC, reviewed by CSB's lawyer, and final approval at the Board of Directors meeting with ratification by the County Commission. The next meeting will be held on Monday October 30, 2017 at 3pm.

#### **Adjournment:**

Daryl Bishop adjourned the meeting at 4:08pm.

## **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Brevard Workforce Development Board, Inc. as of June 30, 2017, and the changes in its net assets and its cash flows for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### BREVARD WORKFORCE DEVELOPMENT BOARD, INC. NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

#### **NOTE 1 - NATURE OF OPERATIONS**

The Brevard Workforce Development Board, Inc. (the "Board") (d/b/a CareerSource Brevard) is a nonprofit organization, which began delivering workforce development programs in Brevard County on October 1, 1990. The Board is one of twenty-four Regional Workforce Development Boards in the State of Florida promoting the workforce for local employers and enhancing the productive employment of individuals in Brevard County.

The Board initially administered programs under the Job Training Partnership Act (JTPA) and then, following the repeal of JTPA, under the Workforce Investment Act of 1998 (WIA), beginning on July 1, 1999. The Workforce Innovation and Opportunity Act (WIOA) replaced WIA on July 1, 2015. The Board is the administrative entity, planner and grant recipient for various funding streams including WIOA Adult, Youth and Dislocated Worker programs, Welfare Transition Services, Supplemental Nutrition Assistance Program, and Reemployment Assistance Services. In addition, the Board administers jointly managed programs with the State of Florida Department of Economic Opportunity including Wagner-Peyser Labor Exchange and Veterans' programs. Core, intensive and training services are provided by a contracted service provider, Dynamic Workforce Solutions. The Board also serves as administrative entity and/or fiscal agent for other workforce related programs that complement and further its goals and mission.

The primary objectives of WIOA are to improve the quality of the workforce, reduce welfare dependency, and enhance the productivity and competitiveness of the nation. To accomplish these objectives, the Board offers educational training and job placement services to eligible residents of Brevard County. The Board focuses these services by understanding the needs of businesses and providing training and placement services that will fill those needs. The WIOA program provides youth, unskilled adults and dislocated workers with the information, advice, job search assistance and training they need to get and keep good jobs and provide employers with skilled workers. The Wagner-Peyser One-Stop program is designed to improve the functioning of the nation's labor markets by bringing together individuals who are seeking employment and employers who are seeking workers. The Welfare Transition program is designed to assist individuals in the transition from welfare to economic self-sufficiency.

#### NOTE 2 - SUMMARY OF SIGNFICANT ACCOUNTING POLICIES

<u>Basis of Accounting and Presentation:</u> The Board uses the accrual basis of accounting, in which revenues are recognized when they are earned and expenses are recognized when they are incurred. Revenues and the related expenses of cost-reimbursement grant programs are recognized as allowable costs are incurred.

<u>Basis of Presentation:</u> Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 "Not-for-Profit Entities". Under FASB ASC 958, the Board is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The Board has no temporarily or permanently restricted net assets.

<u>Cash and Cash Equivalents</u>: For purposes of reporting cash flows, the Board considers all highly liquid investments purchased with an initial maturity of three months or less to be cash equivalents.

<u>Certificates of deposit:</u> The Board invests funds previously earned through activities unrelated to grant programs in four certificates of deposit with maturity dates at time of purchase greater than three months. These certificates of deposit are carried at amortized cost.

#### NOTE 2 – SUMMARY OF SIGNFICANT ACCOUNTING POLICIES (Continued)

<u>Grants receivable and revenues:</u> Grants receivable are due from federal, state and local governmental agencies and are stated at net realizable value. The Board uses the allowance method to determine uncollectible receivables. The allowance is based upon management estimates of current economic factors and analysis of specific accounts. In the opinion of management, no allowance for uncollectible accounts was considered necessary at June 30, 2017.

The Board is principally funded by grants and contracts from federal, state, and local governmental agencies for program and supporting services. Grants and contracts generally provide reimbursement for allowable costs incurred. Revenue from cost reimbursement grants and contracts is recognized as eligible costs are incurred. Receivables are recorded to the extent costs have been incurred but not reimbursed by the granting agencies. Conversely, refundable advances are recorded when grant and contract advances exceed eligible costs incurred. Refundable advances will either be offset against subsequent allowable costs incurred or refunded to the granting agencies upon grant termination.

By terms of the Board's grants and contracts, certain funding agencies reserve the right to examine records relating to cost reimbursements. In the event there is a determination of non-qualifying expenditures for which a reimbursement has been made, the funding agency may demand a refund for the appropriate amount. Management does not anticipate adjustments to be made for grants and contracts.

<u>Contributed services:</u> Contributed services are recognized and recorded at fair value only to the extent they create or enhance non-financial assets or require specialized skills, are provided by individuals possessing these skills and would typically need to be purchased if not provided by donations. The Board recorded no contributed services for the years ended June 30, 2017. However, many individuals volunteer time and perform a variety of tasks for the Board. The value of the volunteered time for these functions is not included in the financial statements because it does not meet the recognition criteria.

<u>Property and equipment:</u> Property and equipment in excess of \$5,000 are capitalized at cost when purchased or at fair value at the date of gift, if contributed. Depreciation of property and equipment is provided using the straight-line method of accounting over the estimated useful lives of the assets ranging from three to seven years for office furniture and equipment, five to seven years for vehicles and leasehold improvements over the remaining term of the lease or the useful life of the improvement, whichever is shorter. Routine maintenance and repairs are charged to expense as incurred. Major replacements and improvements are capitalized. When assets are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses from dispositions are credited or changed to income.

Substantially all fixed assets recorded by the Board were acquired with federal funds. Accordingly, certain rules and regulations apply to the acquisition, recording, use and disposition of such fixed assets, including authorization for disposal by the specific grantor agency.

The carrying value of property and equipment is reviewed for impairment whenever events or changes in circumstances indicate such value may not be recoverable. Recoverability of assets or asset groups to be held and used is measured by a comparison of the carrying amount of an asset or asset group to future net cash flows expected to be generated by the asset or asset group. If such assets or asset groups are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets or asset groups exceeds the fair value of the assets or asset groups. Assets or asset groups to be disposed of are reported at the lower of the carrying amount or fair value less cost to sell. No impairment of its long-lived assets or asset groups has been recognized during the years ended June 30, 2017.

<u>Paid Leave Time:</u> Board employees are entitled to certain paid leave time benefits based on length of employment and other factors. These benefits either vest or accumulate and are accrued when they are earned. The amount of paid leave time accrued at June 30, 2017 was \$112,116, of which \$5,063 was paid after fiscal year end to employees.

7

## NOTE 2 – SUMMARY OF SIGNFICANT ACCOUNTING POLICIES (Continued)

<u>Functional Allocation of Expenses:</u> The costs of providing the various programs and other activities have been summarized on a functional basis in the Statement of Activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes: The Board is exempt from federal income taxes under the provisions of the Internal Revenue Code Section 501(c)(3). Management has evaluated the effect of the guidance provided by U.S. Generally Accepted Accounting Principles on Accounting for Uncertainty in Income Taxes. Management believes that the Board continues to satisfy the requirements of a tax-exempt organization at June 30, 2017. Management has evaluated all other tax positions that could have a significant effect on the financial statements and determined the Board had no uncertain income tax positions. As required by the Internal Revenue Service's regulations, the Board annually files a Form 990, "Return of Organization Exempt from Income Tax" with the Internal Revenue Service. Those returns for 2016, 2015, and 2014 are currently subject to review and adjustment by the Internal Revenue Service.

<u>Use of Estimates in the Preparation of Financial Statements</u>: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (generally accepted accounting principles) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, support and expenses during the period. Actual results could vary from the estimates that were used.

#### NOTE 6 – EMPLOYEE BENEFIT PLAN

The Board has a defined contribution 403(b) savings plan (the Plan), which covers substantially all its employees. Contributions are being made at 15% of eligible compensation up to the federal tax limit according to the Internal Revenue Code. Contributions to this Plan for the years ended June 30, 2017 and 2016, were \$214,906 and \$222,366, respectively. Employees may make voluntary contributions to the 403(b) savings plan.

#### **NOTE 7 – CONCENTRATION RISK**

Cash balances: The Board maintains cash balances with a financial institution. At various times throughout the fiscal year, cash balances held at the financial institution were in excess of the federally insured limit. However, the Board has not experienced any losses in such accounts and management believes that the Board is not exposed to any significant credit risk on these accounts.

Support from Governmental Units: The Board receives a substantial amount of its revenues from federal, state and local agencies. A significant reduction in the level of this support, if this were to occur, would have a significant effect on the Board's programs and activities. During the years ended June 30, 2017 and 2016, grant revenue from the State of Florida Department of Economic Opportunity was \$8,202,078 and \$7,520,172, respectively. The Board enters into these grant contracts with these agencies for either one or two year periods and all current contracts are effective through June 2018.

#### NOTE 8 - SUB-RECIPIENT CONTRACT

Amounts provided to the sub-recipient during the year ended June 30, 2017, totaled \$2,836,370, which includes a payable of \$482,687 at June 30, 2017. In addition, \$60,044 was paid to Dynamic Workforce Solutions pursuant to a vendor contract. The Board also had sub-recipient payments to two partner regions, CareerSource Okaloosa-Walton and CareerSource Escarosa totaling \$58,513.

9

#### **NOTE 9 – RELATED PARTIES**

To carry out its training programs, the Board entered into contractual agreements with local educational institutions, public service organizations and local businesses to provide specific services. Several of these service providers have delegates on the Board of Directors. All of the contracts were approved by the Board of Directors in accordance with procedures established by the Florida Department of Economic Opportunity. These procedures require a two-thirds majority vote of the Board of Directors in favor with the related party abstaining from the vote.

Payments under these agreements totaled approximately \$506,758 for the fiscal year ended June 30, 2017. Amounts due to related parties at June 30, 2017 are as follows:

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Brevard Workforce Development Board, Inc. Brevard County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Brevard Workforce Development Board, Inc. (the "Organization"), which comprise the statement of financial position as of June 30, 2017, and the related statements of activities and cash flows for the fiscal year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 20, 2017.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

32 of 46 15

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended for the information of the management, Board of Directors, and grantor agencies and is not intended to be and should not be used by anyone other than these specified parties.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors
Brevard Workforce Development Board, Inc.
Brevard County, Florida

### Report on Compliance for Each Major Federal Program

We have audited Brevard Workforce Development Board, Inc.'s (the "Organization") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Organization's major federal programs for the fiscal year ended June 30, 2017. The Organization's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and guestioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to federal programs.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Organization's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Organization's compliance.

## Opinion on Each Major Federal Program

In our opinion, Brevard Workforce Development Board, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the fiscal year ended June 30, 2017.

## Report on Internal Control Over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

34 of 46 17

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
