Why Teach? Nurse educators enjoy:

- Bringing their skills as a practitioner to the classroom and the clinical area
- Seeing the outcomes of their efforts as students launch their careers and become successful
- Helping build a smart and sustainable talent pipeline for Brevard's Healthcare industry

Plus!

- Physical requirements of the job are not as demanding
- You can work a school schedule
- Increase your income though part time clinical and adjunct opportunities
- Working full time for a state institution provides pension benefits through the Florida Retirement System
